## Uniblok Collection

*Uniblok è un ampio progetto di soluzioni di arredo bagno che spazia dalle scelte più tradizionali e classiche fino ad arrivare passo passo alle più giovani e moderne.*

*Uniblok identifica la semplicità delle composizioni e l'immediatezza del loro inquadramento in moduli precisi. È un lavoro di grande completezza stilistica che ci permette di spaziare tra stili e gusti diversi, che si basano sempre su comuni denominatori: la qualità delle materie, la pregiatezza delle finiture e la grande cura del design.*

Uniblok is a broad project of bathroom furniture solutions, ranging from the most traditional and classic styles and step by step moving towards the younger, more modern ones. Through precise modules, Uniblok offers the simplicity of compositions and their immediate placement. The collection provides great overall style, allowing us to dabble in various styles and tastes, which are all based on common denominators: the quality of the materials, of the finishes and the well-thought out design.
