LEGNOBAGNO®
IL BAGNO CHE ARREDA

Legnobagno da sempre attenta ai temi ambientali e della produzione sostenibile, **utilizza pannelli lignei prodotti dal Gruppo Mauro Saviola®**, azienda leader del settore, realizzati da fonti 100% rinnovabili.

Legnobagno has always been attentive to environmental issues and sustainable production and uses wooden panels produced by Gruppo Mauro Saviola®, a leading company in the industry, made from 100% renewable sources

Perchè scegliere il PANNELLO ECOLOGICO?

4,8 MILIONI di metri cubi di legno di recupero riutilizzati senza abbattere un albero

2,8 MILIONI di alberi salvati ogni anno dall'abbattimento per la produzione industriale

Finiture ispirate al legno, alle pietre ai tessuti
Una scelta di qualità sostenibile

Noi come produttori abbiamo fatto la nostra scelta, Voi come utenti scegliete la qualità, sostenibilità e salubrità di quello che acquistate.

As manufacturers, we have made our choice, as users, you chose quality, sustainability and salubrity of what you buy.

Raccolta e Lavorazione

Il **modello di produzione** del Pannello Ecologico® si fonda sulla raccolta e il riutilizzo del legno in disuso, per dare nuova vita a una risorsa della terra.

The **production model** of the Ecological Panel® is based on the collection and reuse of disused wood, giving new life to a resource of the earth.

Produzione e Nobilitazione

Il **Pannello Ecologico®** è l'unico ad essere realizzato al 100% da legno post-consumo e il primo ad essere certificato FSC Recycled 100% (grezzo) e FSC Mix 99% (nobilitato, ignifugo o idrofugo).

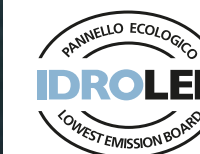

The **Ecological Panel®** is the only one to be made from 100% post-consumer wood and the first to be certified FSC Recycled 100% (raw) and FSC Mix 99% (ennobled, fireproof or waterproof).

Rispetto e Salvaguardia

Recycle e Upcycle per un design sostenibile e una progettazione consapevole. Il solo modo per frenare il cambiamento climatico e rispettare il nostro pianeta è cambiare le nostre abitudini, anche quelle di acquisto.

Recycle and Upcycle for sustainable design and conscious planning. The only way to curb climate change and respect our planet is to change our habits, including our purchasing habits.

Idroleb è il pannello ligneo che garantisce la più bassa emissione di formaldeide e la miglior difesa all'umidità alla quale il mobile può essere accidentalmente esposto. Una sicurezza in più per proteggere un mobile di qualità.

Idroleb is the wooden panel that guarantees the lowest formaldehyde emission and the best defense against humidity to which the furniture can be accidentally exposed. Extra security to protect a quality piece of furniture.

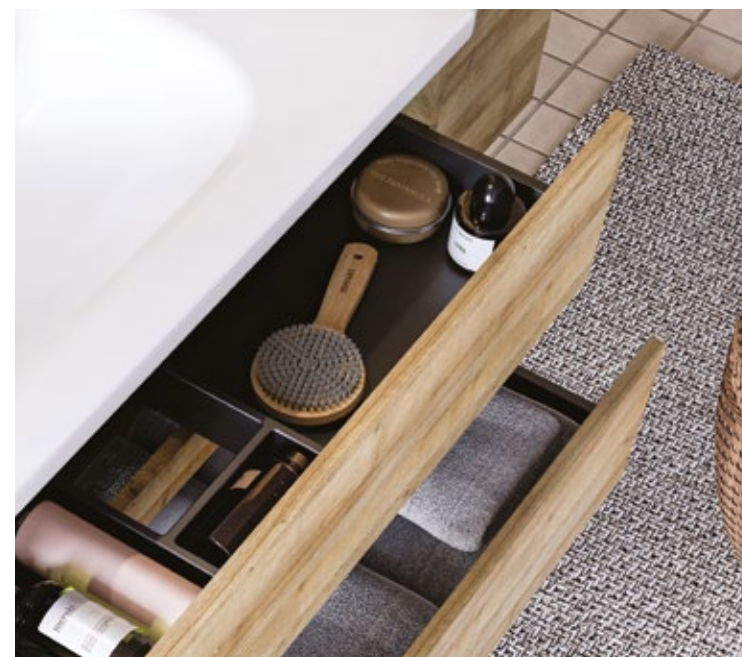

È un pannello in particelle in legno nel quale viene impiegato solo legno riciclato, con materiali ecocompatibili. È dotato di notevole solidità, compattezza, indeformabilità e resistenza.

It is a panel of wood particles in which only recycled wood is used, with environmentally friendly materials. It features remarkable solidity, compactness, non-deformability and resistance.

Tutti i modelli della nuova serie Express sono caratterizzati da **guide dal design sottile ed elegante** in colore **grigio antracite**, dotate di chiusura assistita "Soft closing" testate e certificate CATAS per intensi cicli di utilizzo. L'apertura di ante e cassetti avviene semplicemente mediante una gola ricavata da una fascia di battuta posta internamente alla struttura, che permette di creare lo spazio per una presa semplice ed efficace, dando al mobile un aspetto pulito e moderno.

All models of the new Express series are characterized by **guides with a slim and elegant design in anthracite grey**, equipped with "Soft closing" assisted closing tested and certified by CATAS for intense cycles of use. The doors and drawers open thanks to a rail built-in to the structure creates a space for simple and effective grip, giving the furniture a clean and modern look.
